February Program: Keith Burns, Collierville, TN

"I primarily turn hollow forms and an occasional bowl or box. I don't remember ever turning a piece intended for daily use. I have discovered that form is everything and I am constantly chasing that "perfect form". I have recently ventured into the world of pyrography which I find quite relaxing." Don't miss Keith's demo on hollow forms.

April Program: Kimberly Winkle

Employing traditional furniture making techniques and materials, I build forms and structures with results that are, at times, untraditional. My interest lies in the pursuit and potential of the medium as an expressive device. I use hardwood, paint, and graphite to create my works. The forms are generally streamlined in order to better play the role of an empty canvas for color and line.

Interested in a **workshop with Kimberly Sunday April 9?** Let Tommy Hartline know ASAP so he can set it up. Make a candle stick or stool in the morning and finish in the afternoon.
